Fellow Lions,

This describes the Month of October and November.

The Cubs win the World Series and brought much jubilance and long sought goat superstition to an end. How exciting for all the long time Cubs Fans. I am not a baseball fan, but surely felt the excitement of many of my friends who were and I was glad to be part of the experience.

Now we have winter season coming upon us and the Holidays. Soon we will be setting up our tree stand and selling our famous Christmas Trees. Set up will be on November 19th. Please mark your calendars to come out and help. Our Tree Stand is behind McDonald's at Rte. 120 & 45. Our tree delivery will take place on November 25, early in the morning. Chairman Lion Todd will need our support signing up to help sell trees.

We are sorting glasses starting at 6:00 pm, before our regular meeting this Monday November 14th.

Then we will finish out our year with wishing each other a happy holiday season with our Tail Twister Christmas Party on December 12, at Salutos in Gurnee, at 6:30 pm. Spouses are invited to this celebration. We will be holding a gift exchange if you wish to be part of in the amount of $10.00. Please join our club we always have a wonderful time.

Hope everyone has a great weekend and see you on Monday.

Lion President
Pat Herman

Sight and Sound

Mary Wynn, who is suffering from macular degeneration, contacted the Gagewood Lions Club for help obtaining an e-reader to help her see her bills and other correspondence. Gagewood Sight and Sound chairman, Lion Ray Salata, was able to locate an e-reader at the Lions of Illinois Foundation in DeKalb. This e-reader was provided at no cost to her or our Lions Club. Without this device is was necessary for people to come over and read her bills to her. This year there has been an uptick in requests from needy students for eyeglasses from our local schools and needy seniors from the township. A big thank you goes out to the Lions and those who help in our fund raising efforts. The service we provide is needed and appreciated.

Mary Wynn shows us how she can read her calendar on the e-reader
