## THOUGHT FOR THE MONTH

### REMEMBER SEPTEMBER 11, 2001

LET US NOT FORGET THE MEN AND WOMEN WHO GAVE THEIR LIVES TO SAVE OTHERS. WE MUST BE THANKFUL WE HAVE PEOPLE IN THIS WORLD THAT ARE WILLING TO SACRIFICE THEIR LIFE FOR ANOTHERS. WE MUST THANK FIRE FIGHTERS, POLICE OFFICERS, DOCTORS, NURSES AND EACH OTHER FOR WHAT WE DID FOR EACH OTHER ON THAT DAY. THE ONE DAY WE PUT COLOR, RACE, AND GENDER ASIDE AND BECAME TRUE AMERICANS.....

**A LETTER FROM OUR TWINNING CLUB**

Dear Lion Tony Baumstark,

I would like to inform you we had done our Street Children Program at Slum area in Kathmandu on 22 August 2014. I am so pleasant for reporting to you. We were distributing respectively; Stationary and Sports Materials, Toys and Musical Instrument for the underprivileged students and school which you can see through photos. I think the photos will more explain to you all better than me. In these program, had presented our zone chairperson, Past Multiple Council Chairperson, Past Presidents of Local Committee, Committee of the Parents and Board of Directors and family from the School. From these program directly

100 students got benefit and more children, family and community indirectly will get our services from the school. It was our small effort to take attention Nepalese Lions Clubs for these kind of the area too. We hope all of the Nepalese Lions Clubs shall bring services in those area soon.

By the way, I wanted to short explain about these projects because why we brought it in the slum area? And why we took long duration for it?

You know that after released our social music video, we wanted to support street children on road but we were not doing it because our board wanted to collect more information about the street children.

Then we were planning to research about the street children so we took a long time for completing these projects. After long investigation and research we found the major problem of the street children and how to they come on street in Kathmandu Road? We were able to go to root of this problem. All of the street children came from the SLUM COMMUNITY because their family was very poor and they were not able to survive daily life properly and full fill the basic requirement of the children. So, Most of the Children does not go to school because their family could not affordable education expenses and other expenses.

Many of the house hold does not jobs and works. We found some more critical situation of the adult and senior citizens too. Not only children came on street but more senior citizens to come out together from these kind of community. We found lots of the problem in these community like Food, Shelter, Health, Education, Sanitation, Nutrition, Eyes, and Play Ground etc. And you can see how many they were taking risk to stay on river side through photos.

Finally, our club decided to cut root of the problem of street children. Then we were going to SLUM AREA and gave our contribution to children and school. In that school had not anything and properly setup office, class rooms, toilets, playground etc. We just gave our small services in that school for brighter future of the underprivileged students and children. We were able to encourage few children to join school and making your quality life through education.

If you have any query about this program and wanted to give more services in that area please without any hesitate you would inform me. I will try to give answered you on time.

**SMILE**

Two boys were talking and the one said to the other, "There is a easy way to get what you want." The other boy said, "How?" the boy replied, "Tell people you know their secret." The boy jumps up and runs to his dad, "I know your secret!" The dad replies, "Please don't tell your mom here's \$10." The boy then runs to his mom, "I know your secret!" The mom said, "Please don't tell your dad here's \$15." The boy then decides to try it on the mail man, "I know your secret!" The mail man opened his arms and said, "Come, give your dad a hug!"

After driving for about six hours, a trucker decides to pull over and sleep for a little while. As soon as he falls asleep, he is awoken by some knocks on the door of the cab. "Can you tell me the time, please?" asks a jogger. "Yeah, it's 4:30," answers the trucker. He falls asleep again, but he is awoken again by another jogger who wants to know the time. "It's 4:40!" yells the trucker. Deciding to really try to sleep a little, he writes on a piece of paper: I DON'T KNOW THE TIME. He sticks the paper in his windshield. But he is awoken again. 'It's 5:25," says another jogger.

The reason Politicians try so hard to get re-elected is that they would "hate" to have to make a living under the laws they have passed.
