## THOUGHT FOR THE MONTH

Thanksgiving falls on the fourth Thursday  
of November.

It is a day observed for giving thanks  
to God for one's blessings.

The Pilgrims, a group of English protestant worshipers, came to the new world seeking religious freedom. The Pilgrims, originally called separatists, later called Puritans, wanted to purify the teachings and ceremonies of the Church of England. King James I, the ruler of England would not recognize their rights to worship as they wished and they were punished and persecuted. Many sought refuge in the Netherlands and moved there in an effort to worship freely. However, they missed English Life and customs and many of them, when given the opportunity to go to the New World, America, gladly did so. They bordered the Mayflower on September 16, 1620 and landed off the coast of Cape Cod in Provincetown Harbor on November 21, 1620, sixty-six days after setting sail. A month later, under the leadership of Miles Standish, they chose a place to establish their colony and named it Plymouth, for the city in England from where they set sail. The Mayflower Compact, the first governing agreement ever put forth in America was written by the Pilgrims, before they ever set foot on land. It set up the rules for governing the colony they would establish and did in December of 1620. More than half of the colony died that winter of 1621. But, in the spring with the help of the Native Americans (or American Indians) who gave them seeds, showed them how to plant and introduced them to corn, the survivors were able to continue the colony and reap a harvest in the fall. The first Thanksgiving was observed that fall in 1621 to give thanks for their survival and their blessings especially, the freedom of worship. Indians brought corn and wild turkeys for the feast. The colonists made journey cakes, corn meal bread, nuts and succotash. The Pilgrim men killed geese, ducks and fish. Later, Governor William Bradford decreed a three day feast on July 30, 1623 for Thanksgiving observation. The custom spread from Plymouth throughout the New England colonies. During the American Revolution eight Thursdays of thanks were observed, praying for victory over the British. George Washington issued a general proclamation naming November 26 a day of National Thanksgiving in 1789. The Episcopalian Church announced that the first Thursday in November would be an annual day of giving thanks. There was not a National Day of Thanksgiving recognized throughout the United States for many years. Some recognized and observed a day while others did not. In 1830 New York declared an official state Thanksgiving, other northern states followed its example. Virginia was the first southern state to adopt a Thanksgiving Day in 1855. In 1863, President Lincoln proclaimed the last Thursday in November as a day of thanksgiving and praise. Mrs. Sarah Joseph Hale worked many years to promote a national Thanksgiving Day. Thanksgiving Day for the next 75 years was then celebrated on the last Thursday in November as proclaimed by each president. However, in 1941 Congress ruled the fourth Thursday of November would now, be a federally recognized holiday. It has been celebrated as such ever since that time. The American Thanksgiving Day probably grew out of the harvest home celebrations observed in England. One of the first observances of thanksgiving prayers was observed by 39 English settlers on Berkeley James Plantation, on the river near what is now called, Charles City, Virginia. Their charter called for the day of their arrival, December 4, 1619 to be observed annually, as a day of Thanksgiving to God. Thanksgiving is celebrated with great dinners, prayers and visits among friends and families. Parades and football games are some of the events enjoyed on the day as well.

Congratulations a well-deserved honor.

## CORNED BEEF AND CABBAGE DINNER

Our Annual Corned Beef and Cabbage Dinner was another success for this year, we had approximately 400 people attend the dinner. The raffle prizes were outstanding thanks in part to Lions Jessica and Diana. Our raffle number caller and her assist kept the night moving along on a steady pace. Harrington's Corned Beef was excellent as in the past. Another good touch of the evening was the entertainment of the Shannon Rovers and their bag pipes. They performed at the start of the evening. The Club would like to thank all the Lions and friends that helped make this year's event another great success. Thank you all.

## SMILE

The pro football team had just finished their daily practice session when a large turkey came strutting onto the field. While the players gazed in amazement, the turkey walked up to the head coach and demanded a tryout. Everyone stared in silence as the turkey caught pass after pass and ran right through the defensive line. When the turkey returned to the sidelines, the coach shouted, "You're terrific!!! Sign up for the season, and I'll see to it that you get a huge bonus." "Forget the bonus," the turkey said, "All I want to know is, does the season go past Thanksgiving Day?"

It was the first time the blonde was eating Thanksgiving dinner without her family. Trying to re-enact the tradition, she prepared a dinner for herself alone. The next day, her mother called to see how everything went. "Oh, mother, I made myself a lovely dinner, but I had so much trouble trying to eat the turkey!" said the daughter. "Did it not taste good?" her mother asked. "I don't know," the blonde said. "It wouldn't sit still!"

Last year on Thanksgiving, the childless farmer and his wife prayed for all their blessings. But, they also prayed that their loneliness of having no children be relieved. Their prayers were answered and the wife became pregnant. She gave birth to triplets! A friend remarked, "See, prayers are always answered." The farmer then then replied, "Yes, but I never prayed for a bumper crop like this!"
