

Fellow Lions:

A Children's Vision Screening training session will be at the Holiday Inn and Suites in East Peoria, IL. on Saturday February 29th. Session begins at 10:00 am until 3:00 pm.

Tammy Johnson, a representative from Pluoptix, who will go over the Plusoptix 12C camera along with Lion Terry Knollenberg. We will also have Lion Barbara Taylor there to train and or review on the Spot camera.

This training will be beneficial for you, as your foundation will have cameras available, in house, for those districts to use during an event.

At the session we will be presenting the LIF complete administration plan for this program.

This training is available to any Lion who wishes to learn more about the camera.

Please contact Jyllann Torres at [jtorres@lifnd.org](mailto:jtorres@lifnd.org) with any questions you may have and to confirm your seat. Lunch will be provided. You will be reimbursed for your mileage that day.

Yours in Lionism,  
Lion Ron Niemaszyk  
District 1-F Health services
